

# Why Doesn't the Proposed Equality Act Protect Women and Girls?

Don't let Congress eliminate rights and protections for women and girls, including lesbians, by prioritizing "gender identity" over both sex and sexual orientation.

Call or write your senators and representative and ask them to amend the current, seriously flawed, Equality Act. For a sample letter see: [xxamazons.org/letters/](http://xxamazons.org/letters/)

Give girls a fair chance! Let them excel in sports as Wilma Rudolph did (pictured left) when she won three gold medals at the 1960 Olympics.

## Support the Feminist Amendments to the Equality Act

Protect women and girls from sex discrimination

Protect female only facilities and programs that ensure privacy, dignity, safety and opportunity, including in girl's and women's sports, locker rooms, bathrooms and domestic violence shelters

Protect Lesbians and gay men from discrimination on the basis of their sexual orientation

Affirm the rights of lesbians and gay men to form same sex relationships and to socialize in same sex groups

Protect everyone, including lesbians, gay men and transgender people from sex stereotyping
